**THE BRIDGE** Executive Director **SHELLY BOHANNON** announced **THE BRIDGE CAPITAL CAMPAIGN** and expansion of services for Texas Panhandle kids. "Generous donations to the project have been secured over the past 18 months and we are well on our way

to raising \$10M for a new home for our agency," shared Bohannon. "The new building will accommodate expanded medical and mental health services for our Texas Panhandle children experiencing abuse, including co-housing space for Amarillo Police Department's Special Victims Unit and Child Protection Investigators, and greatly expands training capacity for child abuse

prevention. The Bridge's current location has been a wonderful home; however, there were just six staff members when it opened. Today, due to increased demand and expansion of services, 19 employees have maxed out the building's capacity." Land for the new building has been generously donated by Harrington Regional Medical Campus. Groundbreaking for the project will be scheduled for Spring 2026. Donors are welcome to contribute to the project and all gifts are tax deductible. Visit [www.bridgecac.org](http://www.bridgecac.org) to make a gift, or mail your donation to: The Bridge, 804 Quail Creek Drive, Amarillo, TX 79124. The Bridge opened its doors in 1989 as the first Children's Advocacy Center in the state of Texas, serving the 26 counties in the Panhandle area. Each year, close to 1,000 children who experience sexual or physical abuse and their non-offending family members find a safe haven at The Bridge. The Bridge offers educational services to children, teachers, law enforcement, medical service providers, and faith communities to further the prevention of physical and sexual child abuse.
